

Quality Assurance

At All Hour, your complete and continual satisfaction with our service is a major priority. To meet your expectations fully, our trained personnel work to a carefully planned, itemized work program which ensures attention to detail. Only the highest grade materials and equipment are used to produce a finished result that is second to none. Performance is monitored through regular audit checks and any variation to your regular cleaning program can be quickly implemented through our Operations Manager.

Maintenance Services

All Hour offer a maintenance service to allow our clients a less expensive way to get the smaller jobs done properly and on time - the first time.

From electrical and plaster repair work through to painting an entire property, hanging a door to changing your light globes. No job is too small to call on us.

Using our services you reduce your need to contact costly trades people who can charge higher rates for smaller jobs.

Why not call us to see how we can save you time and money with your maintenance requirements.

Hygiene Services

All Hour can help with all washroom requirements, including sanitary units, electronic air fresheners and soap dispensers.

We also offer an excellent range of quality consumables such as hand towels, toilet rolls, soaps etc.

Have you ever asked yourself why it is so important to have a clean work place?

Is it because furniture, equipment and carpet last longer when they are clean?

It is because the facility is required by law, due to the goods or services provided?

All of these factors motivate us to keep a clean work-place, but one of the most important reasons is that workers need a healthy environment.

At All Hour, we know that an overall cleaning maintenance program is an important FIRST STEP.

For those concerned with well chosen equipment and time-tested cleaning methods, All Hour will have your facility looking better and produce a more comfortable and healthier work place environment.
